

Happiness

Being happy every day
Happy as a tree
Happy when I play
Because then I'm free

Happy as a sun
Happy every hour
Happy when I run
Because then I've got power

Happy in the summer
Jumping in the pool
Happy when I eat ice cream
This is a big rule

- Happiness -

You cannot buy your happiness,

'Cause happiness is free.

Don't you know, or can't you guess,

It's there for you and me.

And what you do with what you've got,

Can change the way you feel.

Just do your best and smile a lot,

You'll keep an even keel.

'Cause happiness is made for YOU,

Just take a bite and see

That happiness is what you do

With something that is free.

Happiness

Happy with my family
Happy with my friends
Together we are strong
I hope this never ends

Happy with my plants
Can you see this flower?
It is beautiful
Happy every hour

Happy with my tortoise
We are having fun
In the magic garden
Relaxing in the sun

That is happiness for me
I love this feeling
It is wonderful
When I'm dreaming
